Hasselt, 30/12/2016

Dear Rottweilerfriends,

Like we have communicated before, the IFR-Board is in contact with the Allgemeiner Deutscher Rottweiler-Klub (ADKR) concerning a possible renewal of its Membership of the IFR.

After some informal contacts, a formal meeting was organized on 19.12.2016 at the home of Mr. René Külzer.

The ADRK was represented by Mr. René Külzer (President), Mr. Rüdiger Schmidt Vice-President), Mr. Edgar Hellmann (Breed Warden) and Dr. Manfred Herrmann (Geschäftsleitung).

The IFR-Board was represented by Dirk Vandecasteele (President) and Walter Horn (Vice President).

No conclusions were reached (this would have been impossible as none of those present would have been empowered to bind its association) but the meeting proceeded in a good atmosphere and discussed many subjects, in particular the position, tasks and instruments of the IFR and the position and powers the ADRK would wish as a "privileged Member" and its intentions with the ADRK-World Family and its possible future activities.

Thoughts and non-binding suggestions were exchanged and will be discussed further by the competent association bodies of both parties, hopefully leading to a new and constructive meeting in the near future.

We found it appropriate to to keep you informed and will also do this again in the future.

With friendly greetings,

D. Vandecasteele  
President of the IFR-Board.
